Oyenekan Oluwapelumi Emmanuel

Front-End / Full-Stack Developer

Osun State | 09167686804 | oyenekantomiwa2@gmail.com | GitHub: Elite-Dev-Repo

PROFESSIONAL SUMMARY

Results-driven Front-End Developer with 4+ years of experience designing and building scalable, high-performance web applications. Expert in React.js, Tailwind CSS, and Django, with strong experience delivering responsive, SEO-optimized, and accessible user interfaces. Proven ability to translate complex requirements and UI/UX designs into clean, maintainable code. Actively expanding full-stack capabilities while maintaining a strong focus on frontend performance and user experience.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3, Bootstrap
Backend: Django, Node.js, Python
Tools & Platforms: Git/GitHub, REST APIs, Supabase, Vercel, Firebase
Soft Skills: Team Leadership, Communication, Analytical Problem Solving

PROFESSIONAL EXPERIENCE

Independent Front-End Developer | 2021 – Present

- Designed and developed responsive, mobile-first web applications using React.js and Tailwind CSS.
- Delivered reusable UI components and clean code aligned with modern frontend best practices.
- Converted Figma and design mockups into pixel-perfect, accessible interfaces.
- Optimized application performance, SEO, and cross-browser compatibility.
- Collaborated with clients to translate business requirements into functional web solutions.

KEY PROJECTS

Enigma | The Action Agent
Developing a next-generation web application aimed at delivering impactful, user-centric digital solutions for Nigerian users.

Personal Portfolio Website
Built and deployed a professional portfolio using React.js to showcase projects, skills, and development experience.

TabbieBakes Landing Page Website
Created a high-conversion landing page with Tailwind CSS, focusing on clean UI, fast load times, and maintainable architecture.

Opay Clone (Fintech UI)
Developed a high-fidelity fintech UI clone simulating transaction dashboards, secure workflows, and modern interface patterns.

WeebChat – Full-Stack Chat Application
Building a real-time chat application using Tailwind CSS for the frontend and Django for backend logic, including authentication.

EDUCATION

Bachelor of Arts (B.A.) in Philosophy
Lagos State University (LASU) | 2022 – 2025
